Overview of Financial Aid Process

Financial aid is available for students in the MAT/TEP program. Eligibility for funding is based upon the student’s financial need and current enrollment status.

There are two different processes in which to apply for aid.

1) As an MAT student during the summer
2) As a TEP student during the academic year

Please read the directions carefully for each of these programs.

Enrollment Status

• As a student in the MAT/TEP program your enrollment status, grade level and financial aid eligibility changes based upon which portion of the program you are enrolled.
